

# ADVANCES IN TECHNOLOGY: 25% LOWER RATES

*For Business and Franchise Owners who Maintain a Safe Workplace*

## WELCOME TO STATE OF THE ART TECHNOLOGY

Due to advances in technology, award winning insurance companies' E-Business Automation Centers' have access to over 100 national databases.

A representative simply downloads the information required to quote your company's commercial business package, auto, worker's compensation, and umbrella policies. Time consuming, detailed applications, loss runs, and schedules are not required.

As a safety conscious employer, you are invited to register today to have a phone consultation with a senior underwriter who has over ten years of experience, is licensed in all states, and is an expert in contract law and risk management. Additionally, owners who maintain a safe work environment can qualify to receive a 25% rate reduction, saving thousands!

Your 15-20 minute meeting will be informative, educational, and an unforgettable experience. After the call, the underwriter you spoke to will send you a detailed written proposal, including recommended coverage and best rates.

Unconditional Guarantee: if your underwriter makes a mistake and a claim is not covered, The Hartford pays (whereas if your current agency makes a mistake, it can become an expensive legal issue).

Over the past 15 months, over 40,000 business owners selected The Hartford due to their underwriter's experience, improved coverage, best price, and the ease of switching companies.

To register, we only need 4 pieces of information: your cell number, email address, web address, and the best time to reach you.

- The Nation's Best Claims and Client Services; J.D. Power
- Improving Coverage Safety Rate Rewards
- No Time Consuming Applications
- The Nation's Largest Small Business Insurance Company

*Receive the nation's broadest and most competitively priced insurance protection designed by your expert underwriter exclusively for your business. There are no traditional time consuming applications, loss runs, payroll, auto/equipment schedules, policy copies, etc.*
